2 OFFICERS OF SCHOOL BOARD ARE RE-ELECTED

Dr. R. D. Wickerham, Gettysburg, and Ralph W. Guise, Straban township, were unanimously re-elected president and vice president, respectively, of the Gettysburg joint school board at the annual re-organization meeting Monday evening in the library at the high school.

At the same session, committees for the joint school system named their chairmen, new directors were introduced, a teacher's resignation was accepted, monthly reports were received, action was taken to stop early dismissals for the convenience of bus drivers and a report was given on the progress of plans for the next addition to the high school building.

The resignation of Mrs. Barbara Steick, Littlestown R. 1, as a teacher of two grades at the Hoffman school in Mt. Joy township was accepted, effective November 27. A temporary substitute has been secured, the board was told, but a regular teacher must be elected soon. In her letter of resignation, Mrs. Steick said "overwork" was the reason for her decision. She had 26 boys and 13 girls in two grades.

School Plans Incomplete

Dr. L. C. Keefeauver, superintendent of the Gettysburg schools, said architect's drawings for the next classroom-auditorium addition to the Gettysburg high school are not yet in finished form and require more attention from the planning committee. He explained that, if a new auditorium is added, the present auditorium will be converted into a library and the present small library divided into classrooms.

With Cumberland township reporting some difficulty with school buses, the board took action to require bus drivers to wait until school is dismissed and their pupils are aboard before leaving their first school in the afternoon. One instance was cited in which one busload of pupils is being dismissed early, so that the bus driver can get an early start on his afternoon trip. It was suggested that copies of the board's motion be supplied to all bus drivers in the jointure.

Chairmen Are Named

After joint board committees had held brief organization meetings, these chairmen were announced: Finance and planning, Ralph Guise, of Straban township; supply, Ray F. Funt, Highland township; property, Donald Weikert, Cumberland township; teacher, Mrs. Erma Poppay, and transportation, Russell Durbin.

The Gettysburg high school alumni association was granted use of the school gymnasium December 28 for its annual basketball game and dance. Dr. Keefeauver reported three Singer sewing machines have been bought for the home economics department. Their purchase was authorized last month.

Halloween damage to school property in Cumberland township will not end in prosecutions, the directors decided, if the perpetrators pay for the cost of restoration. The identity of the persons responsible was established by state police investigation, the board was told.

The board ordered \$4,000 paid on the bill for installation of oil burners at the high school. The work is not complete and the balance of about \$2,000 will be paid later.

Pay Renovation Bill

The directors also ordered paid, along with regular monthly bills, the \$4,322 cost of building six new classrooms in the old section of the high school building last summer. The work was done by the Hostetter company, Hanover, and the original estimate was \$5,000. The rooms were constructed in the former cafeteria and shops.

The directors voted to furnish bus transportation for vocational students to the state farm show next month at Harrisburg and decided to continue meetings on the second Monday of each month. The executive committee will meet monthly and the entire board will be summoned when necessary. Group membership was voted in the state school directors' association.

Monthly financial reports were submitted. The general fund statement from the First National bank showed a balance of \$39,876 after expenditures last month of \$35,431 with salaries taking over \$18,000 of that amount. The cafeteria report showed a balance of \$2,40 after costs of \$2,681 were paid. Current balances in the athletic and activities funds were given.

Speaking briefly just before adjournment, President Wickerham asked the directors "to continue to work together to do everything possible to give the children a better education." He called attention to the need for long range planning to take care of expected increases in

Two Couples Are Issued Licenses

Marriage licenses were issued at the court house today to the following couples:

Ralph Albert Myers, son of Mr. and Mrs. Herbert Samuel Myers, Hanover, and Leunna Mae Shank, daughter of Mr. and Mrs. Daniel Webster Shank, East Berlin R. 2.

DISARMAMENT NOT SAFE NOW, SAYS DR. IDLE

"Disarmament is not safe now for the United States," Dr. Dunning Idle, former Gettysburg college professor who has recently returned after two years in the Far East as a public information officer with the U.S. Department of State, told members of the Gettysburg Lions club Monday evening at St. James Lutheran church.

"If the disarmament talks underway now should succeed, it would spell disaster for us," Dr. Idle asserted. "Man to man, we don't stand a chance against the Communists world because we are tremendously outnumbered. We must rely on our know-how, our industrial and technical skills."

"Only strength determines a nation's place in the world," he continued. "Our show of strength and our willingness to use force to stop the Reds in Korea has improved our reputation in the Orient where weakness is not respected. Time may bring changes but now it is strength and not ideals that carry weight among nations."

Question of Our Survival

Dr. Idle told of his experiences in Indochina and said he is convinced there is a great opportunity there "for us to reach men's minds" with the right sort of propaganda programs.

As he concluded with a brief discussion of the situation in Korea he raised a question as to whether the United Nations can afford to make "any kind of peace in Korea that will leave the South Koreans wondering whether it was worth while to fight at all." He said he has been amazed since returning to the United States at the extent to which pressure is being applied to get the United States out of Korea. "If it was worthwhile to go to Korea in the first place, it's worthwhile to stay and finish the job," he declared.

Describing the world conflict with communism as a question of "our own survival," he concluded: "No great nation has ever survived long when it has lost the will or the means to defend itself."

President Fred S. Faber presided at the meeting with 96 Lions and guests in attendance.

WILL GIVE SIX TALKS ON U.N.

Announcement of a series of six lectures on the United Nations by Dr. Basil Carpenter, of the Gettysburg college faculty, was made at the monthly meeting of the board of directors of the YWCA Monday evening.

The lecture course was arranged by the Public Affairs committee. The first lecture will be given in January. Those desiring to attend are requested to sign at the "Y" by January 10.

Miss Ruth A. Doud, executive secretary of the "Y," gave "Christmas Thoughts" and offered a prayer to open the meeting. Following the roll call and minutes, Miss Doud submitted her monthly report which revealed there were 88 meetings in November with a total attendance of 1,625.

Miss Doud, Mrs. Frank Kramer and Mrs. W. R. Sammel gave reports on the YWCA conference they attended in Harrisburg.

It was announced that the greens used for the "Hanging of the Greens" ceremony on Sunday were donated by L. S. Long and the corsages by the Adams County Art Guild.

Mrs. Sammel, president, who presided at the meeting, concluded the program with a short talk on "Christmas and Its Opportunities to All."

TO BUILD RESIDENCE

A building permit has been issued by Burgess William G. Weaver to Robert Smith, Eberhart apartments, for construction of a brick-cased residence on East Lincoln avenue. The estimated cost is placed at \$15,000.

PRO SHOP CLOSES

The pro shop at the Gettysburg Country club will close for the season on Wednesday, it was announced today. Members are asked to remove their golf clubs and other personal effects on that day.

\$900 Damage When Cars Hit; None Hurt

No one was injured but damage totaling \$900 was caused when cars operated by Paul Cornell, 43, Gettysburg R. 2, and Robert N. Snyder, 43, York, sales manager for Penn Dairies, collided two miles west of New Oxford on the Lincoln highway about 11:10 o'clock Monday night.

State police who investigated said Snyder was driving east and had started to pass a car ahead of him when he saw the Cornell car approaching from the opposite direction. He attempted to get back into line but his car went out of control and crossed to the left side of the highway where it hit the Cornell machine.

The police investigation is being continued.

5 BABY BEEVES SELECTED FOR PA. FARM SHOW

Five steers were chosen this morning for exhibition at the state farm show in Harrisburg in January at the annual round-up held by the Adams county 4-H Baby Beef club at the Jesse Hamme farm, near Abbottstown.

Among the five selected was one cared for during the year by the youngest member of the club, nine-year-old Larry Walton, son of Mr. and Mrs. Harvey Walton, Hanover R. 4.

The others selected as Adams county's entrants for the state farm show were calves of Kenneth Apple, 16, son of Mr. and Mrs. Kenneth Apple, Gettysburg R. 3; Patrick Murren, 10-year-old son of Mr. and Mrs. Francis Murren, Hanover R. 4; Edward Reichart, 13, son of Mr. and Mrs. Ray Reichart, Littlestown R. 2, and Roy Weaver, Jr., 17, son of Mr. and Mrs. Roy Weaver, Gettysburg R. 4. Weaver is president of the Baby Beef club.

Calves owned by 19 other members of the club were transported this morning, following the round-up, to the Lancaster Union stockyards where they were entered in competition with more than 400 other steers raised by members of similar baby beef clubs in 19 counties in southeastern Pennsylvania. The regional round-up judging will take place Wednesday and a sale of the baby

THRONG ENJOYS COLORFUL XMAS PARADE MONDAY

The Gettysburg Retail Merchants association's first Christmas parade, which they hope to make an annual event, exceeded expectations Monday night. A crowd estimated at more than 5,000 gathered along the parade route and filled Lincoln Square to see the bands, floats and marchers.

The junior choir of Trinity Lutheran church, Arendtsville, won first prize of \$25 in the float division. It also won first prize in the Biglerville Christmas parade last Friday. Members of the choir were grouped before an altar built on a large truck, and sang Christmas carols. Second prize in the float division went to Cub Pack No. 73's presentation of "Christmas Around the World," in which peoples of several nations were shown celebrating Christmas. The prize was \$15. Third prize of \$10 was awarded to the Beta Sigma Phi sorority, with its nativity scene.

Bands Awarded Prizes

First prize for the largest marching unit, \$10, was won by the Gettysburg high school band, color guard and drum majorettes, and second prize of \$5 went to the Blue and Gray band.

The judges met at the Elks home on York street after the parade to decide the winners, and did not have names of the winners of the individual awards. The merchants association today asked these winners to apply at the office of Frank Hower in the Wills building for their prizes.

The winners were: prettiest costume, first, a tiny drum majorette who marched in back of the Blue and Gray band; second, the Santa Claus on the Sadler float; third, the Dutch girl on the float "Christmas Around the World."

Most original costume: first, a snow man with the marchers; second, an Indian with Cub Pack No. 73; third, a Mexican in "Christmas Around the World."

Most comical: first, a clown, "The Great Jaspas," John D. Lippy, Jr.; second, the first mule in the parade, and third, the second mule.

MAN IS JAILED ON CHARGE OF STEALING CAR

Howard E. Leatherman, 33, of Gettysburg R. 3, was in the Adams county jail today in default of \$2,000 bail on a larceny of a motor vehicle charge, and the automobile he is alleged to have stolen in Gettysburg Monday afternoon was recovered and returned to its owner.

Leatherman is charged with stealing the car of Lloyd C. Gilbert, 2 South Franklin street, between 4 and 6:40 o'clock Monday afternoon from the parking lot at the Gilbert food market, South Franklin street.

Gilbert reported the theft to state and borough police. Other police departments were notified, and about 8:30 o'clock Hanover police saw the car in that borough and chased it. They caught up with it and arrested Leatherman on the Hanover-Abbottstown road a short distance south of Abbottstown, at 8:45 p.m.

Leatherman was turned over to state police of the Gettysburg substation. After being questioned by state police, he was arraigned before Justice of the Peace John H. Baschore, waived a hearing and was held for court.

Make That Chimney Larger

Philadelphia, Dec. 11 (AP)—Timely tip to Santa Claus: When you visit the home of the John F. Kirks in suburban Melrose Park, better use a door or window.

Eight-year-old Jimmy Kirk proved yesterday — the hard way — that Santa might have a tough time scooting down the chimney. Skeptical Jimmy was telling his pal, Peter Rosinsky, same age, that nobody, not even Santa, could ever make it. Peter argued hotly that Santa can do anything.

"All right, I'll show you," said Jimmy. Thereupon he upped and went down the chimney. But not very far. He got stuck, with only his head showing.

A house painter working in the neighborhood spied him and pulled him out.

CITES WORK OF MORTICIAN FOR CLUB MEMBERS

The work of the funeral director was outlined Monday evening by Harry W. Bender in a classification talk given at the regular meeting of the local Rotary club at the YWCA.

Mr. Bender said the local funeral parlor with which he is affiliated came into existence about 50 years ago. H. B. Bender, grandfather of the speaker, and one of the earliest members of the local Rotary club, became an undertaker about the turn of the century.

"My grandfather established a furniture store on Lincoln Square, where the liquor store is now, in 1898," Bender said. "He had as his partner Charles Mumper. A few years later he became an undertaker in addition to operating the furniture store."

"Later he moved to the room on Baltimore street, where Weishaar Brothers are now located, and in 1919 purchased the Wabash hotel, now an apartment building where R. W. Wentz and Sons and Virginia Myers' stores are located. While there he operated a furniture store where Wentz is now located and a funeral parlor in the present Virginia Myers store. In 1922 he leased the furniture business to Mr. Wentz and continued with the funeral parlor. In 1928 he purchased the J. L. Butt home on Carlisle street and moved the Bender funeral home

Truce Negotiators Discuss Exchange Of War Prisoners Early Agreement Looms Anew

Seoul, Korea, Dec. 11 (AP)—Allied jet pilots battled Russian-made MIG-15s in MIG alley today and reported one Communist fighter probably destroyed.

The U. S. Fifth Air Force said all Allied planes returned safely.

A 12-minute battle over Anju broke the two-day lull in aerial duels. MIGs were spotted Monday but avoided contact.

The Tuesday battle pitted 26 F-86 Sabre jets against about 50 MIGs.

Few Casualties

United Nations ground units threw back a probing attack by a Red squad in a half-hour engagement on the eastern front Tuesday about dawn. Allied patrols on the central and western fronts reported only light enemy contact.

The U. S. Eighth Army reported only five ground contacts with the Reds across the 145-mile front Monday. All were small.

There were few casualties. In the southern provinces, Republic of Korea (ROK) troops pressed their campaign against an estimated 8,000 Red guerrillas and bandits in the Chiri mountains.

64 GIRL SCOUTS ARE HONORED AT AWARDS' COURT

More than 100 members and their parents attended the Girl Scout Court of Awards ceremony Monday evening at St. James Lutheran church.

Sixty-four girls received proficiency badges, second class badges, five-year pins for continuous registration for five years, and attendance badges for the last year.

Sheely, president of the Adams County Girl Scout Council, gave the address of welcome after which the following members of Troop 4 gave the opening presentation of colors: Louise Collins and Ellen Rice, flag bearers; Judy Weikert and Jackie Reel, color guards, and Virginia Jones, narrator.

Mrs. Sheely explained that a Court of Awards is usually held once a year to give recognition for individual accomplishments during the year.

Troops participating and their leaders included: No. 4, Mrs. Albert Shulley; No. 7, Miss Marie Anzengruber; No. 8, Miss Mary Kay

Abbottstown Man Blamed For Crash

Mrs. Helen C. Rice, 53, Mercersburg R. 1, was admitted to the Chambersburg hospital for treatment of severe contusions of the chest she sustained when her car was struck by another car at 3:15 p.m. Saturday on the Lincoln highway, 10 miles west of Chambersburg. An attaché of the hospital said her condition was "fairly good" Monday.

State police said that Robert C. Meckley, 24, Abbottstown, will be charged with failing to yield one-half the highway to oncoming traffic as the result of the accident. Meckley, who was traveling east on Route 30, fell asleep and permitted his vehicle to cross the highway and strike the westbound Rice car.

Damage to the Meckley car, a 1949 Kaiser sedan, was estimated at \$500 and to the Rice car, a 1951 Ford sedan, at \$500.

Explosives Expert To Address Chiefs

The postponed December meeting of the Adams County Association of Fire Chiefs will be held Thursday night at 8 o'clock at the Aspers fire hall, Eugene S. Sickles, secretary of the association, announced today.

Howard Williams, of Gettysburg, a Letterkenny explosives expert, will give a talk on the handling of explosives and procedures in case of fire. The talk was arranged as the result of the upsetting of a tractor-trailer in Bonneauville loaded with TNT recently.

The meeting was originally scheduled last Thursday, but was postponed because of the deer hunting season.

FIND LOST WALLET

Mrs. Louise Adams, Gettysburg R. 5, reported to borough police Monday night the loss of a wallet, containing her automobile driver's and owner's cards and \$2. Police said they found a wallet containing a small amount of change, but no cards, in Lincoln Square Monday night after the Christmas parade. The owner may have the wallet at police headquarters by identifying it, police said.

Munsan, Korea, Dec. 11 (AP)—Truce negotiators discussed exchange of war prisoners today for the first time and immediately tangled on how to do it.

The Communists proposed all prisoners be released by both sides when an armistice is reached. The United Nations insisted on a "fair and equitable" exchange, which was interpreted as a man-for-man swap.

The prisoner question was taken up by a two-man subcommittee (one from each side) a few minutes after the Communists capitulated to Allied insistence that the subject be tackled now.

Simultaneously the Red negotiators intimated they would agree to continued rotation of troops and to two other Allied demands if the United Nations command would agree to neutral behind-the-lines inspection during a Korean armistice.

Allies Are Hopeful

Later the tentative offer was withdrawn without the Allies saying how they felt about it.

The Red concessions rekindled hopes of a possible truce by Christmas.

The Reds complained that a U.N. plane bombed and strafed their Kaesong headquarters. But it appeared the incident would be smoothed over.

There has been no official word on how many prisoners the Reds hold. But Lt. Col. Howard M. Levie, U.N. spokesman, said Communist broadcasts reported 139,000 U.N. and South Korean troops were held by the Reds.

"Roughly I'd say we hold 100,000 North Koreans and between 15,000 and 20,000 Chinese," Levie said.

Conflicting Figures

He estimated that the Communists have 70,000 to 85,000 South Korean prisoners, and 12,000 to 14,000 U.N. prisoners. Of the U.N. group he estimated 1,000 to 1,500 were British, 1,000 were from other countries and the remainder were Americans.

His figures on possible American prisoners don't coincide with a recent U.N. atrocity report.

Col. James M. Hanley of the U.S. Eighth Army said recently the Reds have killed about 5,000 Americans after taking them prisoner. Fewer than 11,000 Americans have been reported missing in action, so Hanley's figures would leave only about 5,000 Americans as potential prisoners.

As a result of Tuesday's developments in the truce tent city at Panmunjom, negotiators are working simultaneously on two of the three remaining clauses of a proposed armistice—supervision of the truce and exchange of prisoners.

The bride and groom will be attended by Mr. and Mrs. James Bentley Newman of Gettysburg.

Among the unsung heroes of today's world are the thousands of men and women who are treading the by-ways of the world offering copies of the Bible in the languages people speak. Under the title, "Him That Bringeth Good Tidings," the next program in the popular series, "Let There Be Light," will be heard tonight at 8:15 o'clock over station WGET.

The story of how 150 men are carrying the "Good News of the Bible" to every home in Japan until it has now become the best seller in that country and how Bible reading is helping in the development of democratic ideas in Japan will highlight the program.

"Him That Bringeth Good Tidings" is sponsored by the Adams County Ministerium.

BULLETS HOST TO ALBRIGHT ON WEDNESDAY

Eddie Gullian and his Albright college cagers come here Wednesday night bent on halting the two-game winning streak of the Gettysburg college hoopers. The game will start at 8 o'clock.

The Lions have but one player remaining from last year's starting quint, Captain Gerry Potts, 6-5 center. In 27 games last season, Potts tallied 324 points.

Coach Gullian, a former Gettysburg college star and a pupil of Bullets Coach "Hen" Bream, has five other members from last year's squad who played considerable ball. They include Connie Dettling, another six-foot five-inch lad; Dick Leitham, Dick Whitman, George Amole and James Croke.

The remainder of the squad is composed of the following freshmen: Ed McNeill, Pete LaRocco, Louis Venier, Jim Goss, Ken Nace and Bruce Opfinger, and Jim Bachman and Roger Peeg, up from the junior varsity.

In their opener last Wednesday Albright trounced Dickinson and then lost a 59-57 decision to the strong Ft. Dix courtmen Saturday.

The Bullets breezed past Ursinus and Elizabethtown in easy fashion but showed clearly they have not yet hit the form expected.

Following Wednesday's tilt the Bullets meet Hofstra here Friday night. Hofstra has copied six victories in as many outings. On Saturday the Bullets play at Carnegie Tech.

Harrisburg, Dec. 11 (AP)—The Senate Appropriations committee last night approved a \$6,750 fund for purchase of a 16-acre tract of land known as the Reiser Field for the Shippensburg State Teachers college, Shippensburg. The land would provide new parking and playground facilities and space for other maintenance operations.

Warriors Honored By Trojan Players

Dick Harriel, Gettysburg high end; Jim Skinner, tackle, and Clyde Cleveland, guard, were named to the first team in the all-opponent selections made by the Chambersburg high school football players. Skinner was a unanimous choice of the 14 players as was Fox, Hanover back.

Other selections include McCoy, Carlisle, center; Becker, guard; Sandruck, tackle, and Stremmel, end, all of Hanover; backs, Fox, Hanover; Marinkov, Lebanon; Gilliland, Scotland; Burke and Spence, Hagerstown.

On the second team choices were Bill Heyser, end, and Bill Williams, back, of the Warriors. "Darwin Crouse," guard, was also chosen as a Gettysburg player on the second team. There was no Darwin Crouse on the Warrior squad this year.

Kentucky Holds Top Basketball Honors

New York, Dec. 11 (AP)—The Kentucky Wildcats today walked off with top honors in the first Associated Press Basketball poll of the season.

The Wildcats, NCAA champions, were named No. 1 in the land by the nation's sports writers and sportscasters. They received 41 of the 102 first-place votes to easily outdistance St. John's university of Brooklyn, which finished second.

Kentucky piled up 1,021 points—the only team to go over the magic 1,000-point figure—while St. John's had 840 points and 17 top ballots.

Next Monday night these two hardwood powers collided at Lexington, Ky., in what may be the "game-of-the-year." The rest of the top ten teams were, in order: Illinois, St. Louis, Kansas State, Washington, Seton Hall, Kansas, La Salle and North Carolina State.

Warn Titleholders To Defend Crowns

Washington, Dec. 11 (AP)—Three world's champion boxers have been warned: The National Boxing association wants only fighting champions, and if titles aren't defended, they'll be forfeited. The warnings were made in letters sent out by the NBA yesterday.

The bluntest warning went to welterweight champion Kid Gavilan of Cuba. Gavilan must sign a contract within 10 days to fight Charles Humez of France, the NBA said, or his title will be taken away from him.

Col. Harvey L. Miller, executive secretary for the NBA, said Gavilan has been given the title only on the condition that he would give Humez, the European champion, a crack at it.

Heavyweight champion Jersey Joe Walcott and light heavyweight champion Joey Maxim were reminded that they have only three more months in which to decide whom they will meet in title fights.

Charles And Maxim Fight Wednesday

San Francisco, Dec. 11 (AP)—Ezzard Charles, an ex-heavyweight champ, and Joey Maxim, the light heavy titleholder, tangle here tomorrow night in a 12-round fight that may determine who gets a shot at Jersey Joe Walcott's heavyweight crown.

Promoters Jimmy Murray and Lou Thomas expect the gross to exceed \$100,000 from a near capacity crowd of about 15,000 fans. Charles will receive 35 percent of the gate, Maxim 27.

In addition television rights will bring in \$25,000. The fight will be telecast and broadcast (CBS) coast-to-coast at 7 p.m. (10 p.m. EST). However, TV lookers within a 400-mile radius of San Francisco will be given the blackout treatment.

Charles holds four decisions over Maxim. One was highly disputed. One, Decoration Day, was quite one-sided. Since then, Pat Joey trimmed Irish Bob Murphy in defense of his 175-pound title, and Ez, in his first appearance as an ex-champ, knocked out Rex Layne in 11 rounds.

To Try Skin Grafts From Twin Brother

San Antonio, Tex., Dec. 11 (AP)—Doctors hope they can save the life of Pfc. Leo S. Kirjowski with a skin graft from his identical twin brother, Pfc. Leonard Kirjowski.

Leonard is being rushed here from the Korean war front by military air transport. An operation will be performed as soon as he arrives.

Leo was severely burned by white phosphorus shell fire in Korea on October 18. The burns cover about 40 percent of his body and surgeons ruled out attempts to graft skin from other parts of his body.

Surgeons at Brooke Medical center here decided that skin from his identical twin brother would increase chances for successful surgery.

Washington, Dec. 11 (AP)—President Truman reviewed the world situation, with particular emphasis on the Korean peace negotiations, at a White House conference Monday with his military and diplomatic advisers.

One of the matters presumably discussed was what course the United States should follow if the present Korean peace talks fail to produce a complete armistice by Dec. 27, the deadline set by truce negotiators when the issue of a buffer zone across Korea was settled on Nov. 27.

STANKY TO BE CARD MANAGER; PHILS IN SWAP

By JACK HAND

New York, Dec. 11 (AP)—Eddie Stanky is due to sign a two-year contract as player-manager of the St. Louis Cardinals today and Joe DiMaggio will announce his future plans.

The Stanky and DiMaggio developments probably will overshadow the seven-player deal completed last night between the Cincinnati Reds and Philadelphia Phils.

In the only official swap of the winter meetings, Cincinnati sent pitcher Howie Fox (9-14), second baseman Connie Ryan (234) and catcher Forrest Burgess (257) to Phils for catcher Andy Seminick (233), outfielder Dick Sisler (287), pitcher Niles Jordan (2-3) and infielder Eddie Pellagrini (234).

Stanky's switch to St. Louis for pitcher Max Lanier (11-9) and outfielder Chuck Diering (259) hinges on an agreement between the peppy little second baseman and Fred Saigh, Card owner. That is a foregone conclusion.

May Sign Today
Saigh and Stanky talked on the telephone last night and will compromise on a two-year contract at \$37,500 when Eddie flies into St. Louis today to meet his new boss.

Although the Giants and Cards didn't announce the players involved in the Stanky deal, it was learned Lanier and Diering are the men. There was a slight complication last night when Lanier said his St. Petersburg restaurant business might keep him out of baseball next year.

Lanier, 36-year-old veteran lefty, would bolster the Giant staff and Diering, a good-field, no-hit center fielder, would provide center field insurance in case Willie Mays is drafted.

Stanky, who played 145 games last year and hit .247 for the pennant-winning Giants, expects to play second base for his Cards. In that case, Red Schoendienst might be shifted to first base.

The DiMaggio announcement will settle the future of the 37-year-old star with the \$100,000 salary.

Sport Shorts

New York, Dec. 11 (AP)—The nation's sports writers are overwhelmingly in favor of continuing bowl football games, but many suggest they be restricted or better supervised.

An Associated Press year-end poll of more than 100 writers and broadcasters showed the experts about 4 to 1 for continuance of the post-season fixtures.

Columbus, O., Dec. 11 (AP)—John F. Simpson of Chester, S. C., is harness racing's top man of 1951.

The 31-year-old reinsman won \$333,136.25 and 118 races, high for both fields. Final figures were announced today by the United States Trotting association, which is meeting in annual session.

Simpson, general manager of the Hanover Shoe Farms of Hanover, Pa., set a new single-season record for earnings, surpassing the record \$306,000 set last year by Delvin Miller of Meadow Lands, Pa. Other leading money winners included Delvin Miller, Meadow Lands, Pa., \$192,244.22; B. J. Schue.

Strong York Quint Plays Here Tonight

Hal Brown, an all-state team selection last year and probably the best cager scheduled to play here this year, will lead the York high dribblers against the Gettysburg high Warriors tonight in the first home game of the season for the Forney-men.

Brown, a fast and clever dead shot star, sparks an all-veteran team which is picked to cop the District 3 laurels this year.

The game will mark the second of the season for both schools, York having laced Red Lion while the Warriors bowed to Hagerstown.

The junior varsities will clash at 6:45 o'clock.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Dec. 11 (AP)—Joe DiMaggio is supposed to give out today with his decision on whether or not he'll retire. . . . If he decides to play another season, the Yankees apparently have wasted a lively persuasion campaign. . . . First there was all that trade talk about Ted Williams and others, and then the flat statement that Joe could have the \$50,000 job as television commentator if he wanted it. . . . That would be quite a saving to the Yanks, who can't cut him below \$75,000 as a player. . . . Ballots for the 1951 Sullivan Memorial award, which just arrived, show three Californians among the nine top candidates selected by the committee.

Wonder if that means they're more deserving or merely that the Pacific coast AAU groups are more diligent in sending in names? . . . And after what you've been hearing lately, you wonder how anyone who ever went to college can qualify under the rigid amateur code set up by the committee.

ONE-MINUTE SPORTS PAGE

What's this story that Stanford Coach Chuck Taylor is again bowl games and wouldn't take his team to the Rose Bowl if he didn't have to. . . . All we know is that the guy who relayed that one east says his source is "very reliable." . . . Looks like Murray Warmath, assistant to Red Blaik at West Point, will get the Mississippi State coaching job. . . . And personable young Tom Nugent, who seems ready for a bigger and more remunerative job than VMI has available, apparently is No. 1 on the North Carolina State list. . . . College prexies of the American Council for Education Committee are having another meeting in Washington to hear what, if anything, the NCAA has accomplished toward improving the college athletic situation. . . . They're also still interested in relieving the pressure on coaches. . . .

Littlestown NO DAMAGE BY BLAZE MONDAY

Alpha Fire company No. 1 answered a call about 7:15 a.m. on Monday morning at the property owned by Maurice Jones on East King street, tenanted by Mrs. Mamie Strawsbaugh. A fire had started in the stove pipe but no damage was caused. One truck answered the call. Fire Chief Glenn E. Ohler reported.

friend, each made a fast \$68,000 profit on investments of \$1,000 apiece made in 1946. McKinney told a news conference "no political influence or impropriety were involved." Angriely he charged that newspaper headlines describing the profit were so phrased they might make his children "think their father was a crook."

Today's Talk

By GEORGE MATTHEW ADAMS

YOUR OWN MIND

You know the familiar saying that the man who rules his own spirit is greater than that one who takes a city. Your own mind is a citadel of power and possibilities greater than to own the whole world. You know what you can do with your own mind, but what would you do with a world to handle?

Stevenson once wrote: "To know what you prefer, instead of humbly telling 'Amen' to what the world says you ought to prefer, is to have kept your soul alive." What a miracle is that mind of yours! No one can rob you of it. It's yours as an inheritance from the Creator, and it was meant that you should manage it in your own way.

Emerson berated the man who boasted of his consistency, saying that consistency was "the hobgoblin of little minds." The late Henry Ford often said that he reserved the right to change his mind any time he wanted to. Why shouldn't a man have that right? If he learns on the morrow that he was wrong the day before, why shouldn't he take pride in changing his opinion to what he later considered right?

Your own mind is your castle and you are its sole ruler and owner as well. Keep it inviolate! What a glorious possession. Keep enriching it. Share its hospitality, however, with all whom you love, admire or wish to help and inspire. You be the giver. Furnish that mind of yours with the poetry and beauty of the ages. Welcome any thought, idea, or truth, that may add to its furnishing. Say with Montaigne: "I stop—I examine—I do not understand—I remain poised in balance—I take for my guide the ways of the world and the experiences of the senses."

To know one's own mind is one of the greatest accomplishments in this world! And never forget that there isn't a human being anywhere who knows your mind as you do, or ever can. A flower can teach any of us great things but we are sterile in our thoughts when we look upon that perfect creation of beauty and wonder. We can tell it nothing!

Tomorrow Mr. Adams will talk on the subject: "This City Of Yours."

MODERN TROUBLE

I try to be a patient man.
I keep my wits untold.
I bear my aches as best I can.
My tongue I try to hold.

I try not loudly to complain
At what must be endured.
Perhaps tonight's attack of pain
Tomorrow will be cured.

The weather I don't growl about.
I can't change foul to fair,
Nor will the angry words I shout
Alter what I must bear.

But late at night I will admit
It does arouse my ire,
And bothers me a little bit,
To have to change a tire.

GRANGE HOLDS INSTALLATION

The new officers of the Emmitsburg grange were installed along with those of the Creagerstown and Thurmont grange at a meeting held in Creagerstown Friday night. Austin Renn of Peageysville was the installing officer, assisted by Bruce Crum of Walkersville, who is the Frederick county Pomona Grange master.

Those installed for the Emmitsburg grange included: Edgar Enrich, master; Rev. Philip Bower, chaplain; Mrs. Edgar Enrich, lecturer; Mrs. Clara Harner, secretary; Edward Smith, treasurer; Professor William Baker, steward; and Norman Six, gate keeper. The next regular meeting of the Emmitsburg grange will be held at the high school Wednesday, December 19, at 7:30 p.m.

The annual Christmas bazaar of Elias Evangelical Lutheran church was a "big success." Pastor Philip Bower told the congregation Sunday morning. Approximately \$435 was cleared. The receipts totaled about \$600.

Firemen Called

The Emmitsburg firemen answered an alarm about 7 p.m. Saturday and quickly brought a fire at the home of Edwin Adelsberger, directly across the street from the fire hall, under control. The fire was believed to have started from a burning cigarette being tossed into a cellar window area from the street. The dwelling is of weatherboard over an old log house and when discovered the flames were already making some headway into the log walls. There was a second outbreak of the fire after several hours.

Corporal David B. Wantz has returned home from Korea and has been released temporarily from active duty after completing 10 months in Korea, where he was wounded early last summer. He returned to his wife, the former Edith H. Hilbert, to whom he was married October 4, 1950, and his mother, Mrs. Harry G. Wantz, Emmitsburg.

Sgt. Marshal Sanders, also a Korean veteran, arrived home last week.

The Thanksgiving clothing drive conducted by St. Joseph's Catholic church resulted in a half ton being collected and shipped for world relief.

Two more deer were bagged by Emmitsburg hunters on the last day. George Ashbaugh who already had returned from a three-day hunting trip into Pennsylvania with a buck joined the last day hunters in Maryland, Saturday, and brought down a four-point 93-pound buck. Mert Turner, Emmitsburg R. 1, shot a seven-point 97-pound buck. Eight

deer were killed in Frederick county on the last day bringing the grand total for the week to 64, ten under last season's total for the county.

Four additional counties were opened this season for the first time to deer hunters. They were: Kent, Dorchester, Wicomico and Somerset. Other counties permitting deer hunting were: Frederick, Garrett, Allegheny, Washington, Cecil and Worcester. The season has generally been referred to as being a very unusual one due to the variety of weather conditions. Fog, rain and extremely warm weather prevailed for most of the week with the exception of the opening and closing days which were almost perfect.

James Cavender, proprietor of Moffett's restaurant, Center Square, was another Emmitsburgian who succeeded in bringing home a buck from his hunting trip into the Pennsylvania hills.

Paul Harner, University of Maryland junior, spent the week-end with his parents, Mr. and Mrs. Charles A. Harner.

Robert M. Gillelan, U.S. Navy, spent the week-end with his parents, Mr. and Mrs. Robert Gillelan, West Main street.

Miss Dorothy Dern, Baltimore, spent the week-end with her parents, Mr. and Mrs. Lloyd Dern, Taneytown R. 1.

FIX ERRORS IN TAX PACKAGE

Harrisburg, Dec. 11 (AP)—The Legislature sought today to correct a mass of technical errors in a \$113 million tax package before sending it to Gov. John S. Fine for signature.

The errors crept into the series of tax bills in the Senate's haste to dispose of the revenue-raising program last week. They range from printer's mistakes to conflicting clauses.

The package was sent to a Senate-house conference committee by the House last night after Republicans offered the assurance there would not be any more drastic changes in the measures.

The compromise tax program features a speedup in collection of corporation taxes, levying of a one per cent tax on real estate, an in-

SANTA and the MAGIC MIRROR

Not Only Had the Sun Disappeared but Now the Balloon was Bobbing About in a Great Black Cloud.

SYNOPSIS: The children reach Tooth City. But how to get them to Santa Land is the question. The Magic which made them small is good for one day only and it would take white mouse two days to go over the snowy land. Belinda sees a tooth wrapped in a balloon and blows it up. "This is how you'll get to Santa Land," cry the fairies. They attached a tiny basket and in hopped Belinda and Tommy and away they went.

Chapter Seven

THE TRIP TO SANTA LAND

The red balloon sailed through soft white clouds high above the ground. Belinda steered the airship steadily towards the northland.

How fast they went? The wind tore through their hair as they huddled in the basket.

Belinda smiled at Tommy. "You've changed," she said.

"I know, I'm smaller," said Belinda. "It's your face. It's so happy looking."

"Oh, I am happy. I keep thinking if Santa can just figure out some way to get your father out of jail and how to make my father kind why you and I will always be friends and we can have adventures like this forever and ever!"

Suddenly Tommy stopped smiling. "Look!" he cried. "The sun has disappeared!"

"Oh, dear!" exclaimed Belinda. "Now how can I tell which way is north?"

But that was not the worst of it. Not only had the sun disappeared but now the balloon was bobbing about in a great black cloud.

"We are in a storm cloud!" shouted Tommy.

Scarcely had he spoken when there was an enormous clap of thunder. Streaks of lightning zipped through the cloud. The wind grew stronger and rivers of rain poured down on the children huddled in the basket.

The balloon zoomed about the sky like a rubber ball in ocean waves. It plunged towards the earth. It was sucked back into the sky. It spun over and over, jerked sideways,

bobbed up and down.

Tommy and Belinda clung to one another, too frightened to cry or even to speak.

Suddenly the storm was over. Once again the balloon sailed serenely through a pink blue sky. The children saw with relief that the sun was setting on the left.

"That shows we are still going towards the north," said Belinda.

"But," protested Tommy, "we are not flying so high! Look, we are dropping closer to the ground all the time!"

It was true. The sharp needles of rain had pierced three tiny holes in the balloon. As the air escaped from the holes the balloon sank toward the ground.

Paris, Dec. 10 (AP) — A high diplomatic source said Monday the western powers and Soviet Russia have agreed on formation of a disarmament commission which could consider rival east and west plans for arms reduction and atomic controls.

Instantly the balloon was air tight again and sailed smoothly on. Now it was night and instead of the sun to guide them there were all the stars in the sky.

While Belinda stopped up the holes Tommy began a steady watch over the land below. He was looking for some sign of Santa Land. But there was only blackness as far as he could see.

They had no idea how far or how long they had travelled but they were sure the journey must be nearly over.

Suddenly Tommy said, "We seem to be sailing through some cobwebs."

"I feel it," answered Belinda. "What on earth could it be?"

Silk like threads were brushing into their faces. They tried to shake the threads off but it was no use. The threads grew longer and thicker until in a little while the children were wrapped in them and the basket was nearly full.

"Belinda!" screamed Tommy in a strange voice. "Something is growing in my mouth!"

Suddenly they both knew the dreadful truth. Belinda's hair was growing long and Tommy's tongue was growing big. The magic twenty-four hours were over.

They were turning once again into their real selves!

Paris, Dec. 10 (AP) — A high diplomatic source said Monday the western powers and Soviet Russia have agreed on formation of a disarmament commission which could consider rival east and west plans for arms reduction and atomic controls.

Instantly the balloon was air tight again and sailed smoothly on. Now it was night and instead of the sun to guide them there were all the stars in the sky.

While Belinda stopped up the holes Tommy began a steady watch over the land below. He was looking for some sign of Santa Land. But there was only blackness as far as he could see.

They had no idea how far or how long they had travelled but they were sure the journey must be nearly over.

Suddenly Tommy said, "We seem to be sailing through some cobwebs."

"I feel it," answered Belinda. "What on earth could it be?"

Silk like threads were brushing into their faces. They tried to shake the threads off but it was no use. The threads grew longer and thicker until in a little while the children were wrapped in them and the basket was nearly full.

"Belinda!" screamed Tommy in a strange voice. "Something is growing in my mouth!"

Suddenly they both knew the dreadful truth. Belinda's hair was growing long and Tommy's tongue was growing big. The magic twenty-four hours were over.

They were turning once again into their real selves!

Guardsmen Are Draft Exempt

Harrisburg, Dec. 11 (AP)—Pennsylvania National Guardsmen between the ages of 17 and 18½ have been declared exempt from the draft.

Exercising powers given him under federal law, Gov. John S. Pine issued the proclamation yesterday in a move to increase strength of the state military force.

He urged youth from 17 and 18½ years to enlist in PNG units "and thus meet their obligation of service to their country while at the same time they continue their education or employment."

In effect, the action permits

This diplomat, who would not permit use of his name said that agreement was the only important concrete result of the long secret talks of the big four powers on disarmament.

youths in that age category to enlist in state guard units still not federalized and become draft exempt. Youth already ordered to report for induction into the armed forces are not affected by the action.

Pendleton, Ore., Dec. 11 (AP)—Rescuers, some of whom worked 18 hours in sub-freezing temperatures, brought a 51-year-old man to the surface Monday after he had been

trapped since 11:30 a.m. (PST) yesterday when a 15 foot well caved in. Searchlights lighted the scene as Norman Vina Ford, weak but still conscious, was brought out of the gaping hole on a stretcher.

"Svalbard" — "Land of the Cold Coast" — is the ancient Norse name for Spitsbergen.

Saigon, Indochina, Dec. 11 (AP) — Viet-Nam police Monday reported uncovering a plot by the Communist-led Vietminh to kill U.S. Minister Donald G. Heath. A qualified source said the French had arrested for trial a member of the insurgent Vietminh's "assassination committee" who had come to Saigon to kill Heath.

Littlestown

STORE HOURS FOR CHRISTMAS SEASON FIXED

A special meeting of the Littlestown Chamber of Commerce was held Monday morning at Banker's restaurant, South Queen street, with the president, Marvin P. Breighner, in charge. The main issue during the business session was for the local merchants to set the community store hours for the Christmas season.

The hours the stores will remain open evenings this week are: Tuesday, Wednesday and Thursday, 6 p.m.; Friday, 9 p.m., and Saturday evening till the usual time. Next week, December 17 through 22, the stores will be open for business each evening until 9 o'clock, and every evening at 8 o'clock an Appreciation Day program will be held. On Christmas Eve the stores will close at 6 o'clock and remain closed all day Christmas. Regular hours will be resumed December 26. The regular Appreciation Day program will be held Saturday, December 29, 8 p.m., in front of the Record shop. On New Year's Eve the stores will close at 6 o'clock and remain closed on New Year's Day. The regular schedule will then be resumed.

A group of approximately 150 persons, including employees of the Littlestown Shoe company, their guests and friends, enjoyed a trip to Hershey to see the Ice Polices in the arena there on Friday evening. The group left from the factory on Key-stone avenue at 5:45 o'clock that evening, and five buses of the Lincoln bus lines transported the spectators. This was the third annual trip for the Littlestown Shoe group to see the Polices. The event was held in place of the annual Christmas banquet by choice of the employees.

The regular meeting of the

Christian Endeavor society of St. John's Lutheran church was held Sunday evening in the church social rooms in the form of a backwards meeting. The program, in charge of Carolyn Groff, leader, opened with the C.E. benediction repeated in unison by the group. A poem, "In the Evening," was read by Willa Ketterman. The topic, "The Bible in Many Tongues," was discussed by Paul E. King, supervising principal of the Littlestown Joint School system. The business session was held in charge of the vice president, Evelyn Harget. Willa Ketterman was selected to be the leader for the meeting next Sunday evening at 6 o'clock, when the topic "New Translations of the Bible" will be discussed. A song service was held with Evelyn Harget as piano accompanist. The scripture lesson was read by Robert King, Jerry Warner and Harold Cool. The meeting closed with a piano solo played by John Groff.

The Rev. Dr. Edward R. Hamme, pastor of St. Luke's Reformed church, near White Hall, and St. James' Reformed church, along the Harney road, and a former professor of Hebrew at the Reformed Theological seminary, Dayton, O., was the guest speaker at the final union vesper service of the present series Sunday evening at St. Paul's Lutheran church. The service, which was well attended, was in charge of the host pastor, the Rev. David S. Kammerer. The vesper opened with the scripture reading and prayer offered by the Rev. Mr. Kammerer. An anthem, "God Is My Salvation" by Wilson, was sung by St. Paul's Senior choir, with Mrs. Karl P. Bankert, church organist, presiding at the console.

The Rev. Dr. Hamme was introduced by the Rev. G. Howard Koons, pastor of Christ Reformed church. "The Final Coming of Christ" was the sermon subject. The vesper services were sponsored by the Littlestown Ministerium with the various community churches participating. The next series of vespers will begin January 27 and continue through March 23. Further details concerning these services will be announced later. The Ministerium will sponsor the annual preach-

there, and we have continued in that location since."

Requirements for funeral directors have risen greatly in the past half century, Bender said. "When grandfather decided to become an undertaker he went to York and learned the fundamentals of embalming from a York firm. He sent \$1 to Harrisburg to receive his license and that was it. He was, for the most part, self-taught in his profession. Now, to become an undertaker one must complete high school and a college of mortuary science course where one is given instruction in such things as anatomy, sanitation, plastic surgery, use of cosmetics, embalming and related subjects.

"After completing that education, one must serve a two-year internship with a licensed undertaker before one can take the state board examinations. If he can pass the examination he can obtain a license finally to operate as a funeral director.

News Briefs

Harrisburg, Dec. 11 (AP)—Ninety per cent of the persons who patronize public drinking places come for beverages only. That's the opinion of the State Retail Liquor Dealers' association. And they believe a law making optional the serving of food in these places should be signed by Gov. John S. Fine.

They said so in a telegram to Fine yesterday and urged at the same time he sign another measure permitting the sale of liquor by the bottle for off-the-premises consumption.

Boston, Dec. 11 (AP)—The port of Boston was tied up today by a walk-out of 1,900 longshoremen two of whom were brutally beaten.

Daniel Donovan, international vice president of the AFL Longshoremen's union, said two men were dragged from their homes at gun-point and slugged because they declined to cross CIO picket lines. The longshoremen refused to work at the YWCA December 31.

Dr. Bruce N. Wolff, president of the Rotary club, presided with 58 present. Vice President Richard Dreas announced that a ladies night will be held next Monday at 6:30 o'clock at the Hotel Gettysburg; there will be no meeting December 24, and a noon meeting will be held at the YWCA December 31.

Littlestown

Littlestown—The Rev. G. Howard Koops, pastor of Christ Reformed church, announced at the Sunday morning worship service that the annual Christmas program by the members of the children's Sunday school department will be held on Sunday evening, December 23, 7 o'clock, in the church auditorium. The weekly meeting of the catechetical class will be held on Saturday afternoon, 1:30 o'clock, at the church.

Lewis E. Bair, teacher of the King's Daughters class at Christ church, was the guest speaker at the regular meeting of the Christian Endeavor society of that church on Sunday evening at the church. The meeting, for which Phyllis Markle was the leader, opened with group singing led by Charles Grove with Pearl Sell as piano accompanist. The scripture lesson was read by Lucille Shoemaker followed with prayer offered by Richard Berwager. The topic, "The Bible in Many Tongues," was discussed for the group by Mr. Bair. The business session was held in charge of the president, Mervin K. Myers. It was decided to contribute the offering received that evening to the state Christian Endeavor fund. John Koops was appointed by the president as leader for the meeting next Sunday evening at 7 o'clock, at which time the topic "New Translations of the Bible" will be discussed. The group decided to cancel the meeting of December 23, due to the Christmas program to be presented that evening at 7 o'clock in the church. Instead of that meeting the group will present a Christmas program at the Adams county home on Sunday afternoon, December 23. Lucille Shoemaker presented a brief talk on the subject "Youth Today." The meeting closed with the Lord's prayer and the C.E. benediction repeated in unison by the group.

A Christmas party will be held in conjunction with the December meeting of the Ladies' Aid society of St. Luke's Union church, near White Hall, on Wednesday evening, 7:30 o'clock, at the church. Gifts will be exchanged and twin sisters will be revealed. Sisters for the coming year will be selected. Members are requested to hand in their miniature aprons filled with money according to their waist measurement. The decorating committee for the affair is composed of Mrs. Ralph Flickinger and Mrs. Edward Newman.

Funeral services for Mrs. Minnie M. Myers, 78, widow of Charles G. Myers, formerly of Silver Run, who died on Sunday morning at the home of her son-in-law and daughter, Mr. and Mrs. Oscar F. Wentz, Melrose, Md., following an illness of one week, were conducted this afternoon at 2 o'clock from the J. W. Little and Son funeral home, Littlestown. The Rev. Ray E. P. Abbott, pastor of St. Mary's Evangelical and Reformed church, Silver Run, officiated. Interment was in St. Mary's Union cemetery, Silver Run. Serving as pallbearers were Stewart Horick, Guy Shaffer, Francis Fuhrman and Matrice Wentz.

Birthday Party Is Held In Emmitsburg

In a holiday setting of red, green and white, Juliet Marie Eckenrode celebrated her second birthday anniversary Sunday evening at the home of her parents, Prof. and Mrs. B. J. Eckenrode, South Seton avenue. She received many gifts and games were played. Refreshments were served to the following guests: Lynn and Michael Shorb, Toni and Carol Ann Elliott, Julie Neighbors, Jeffrey and Gregory Zurgable, Gregory Bushman and Joseph Eckenrode.

Among the adult guests were Mrs. Roger Zurgable, Mrs. Charles E. Eckenrode, Mrs. Francis Bushman, all of Emmitsburg, and Miss Mary Louise Callahan, Gettysburg.

Central Oregon's Wind Cave, a lava tunnel some 12 miles south of Bend, is approximately a mile long and considered one of the best specimens of this type of cave in the nation.
